

Definition:

An island exhibit space is 400 square feet or larger with aisles on all four sides.

Use of Space:

An island exhibit space is separated by the width of an aisle from all neighboring exhibits so full use of the exhibit space is permitted.

Carpet:

Exhibit booths are NOT carpeted. Exhibit spaces are not required to have carpet or some floor covering, but you may if you desire. You are allowed to bring your own or order from the official event contractor. If you need to use the concrete floor to demonstrate your product, please contact Event Management for approval.

Height:

All display fixtures, components including graphics and identification signs are allowed a maximum height of 18ft. Some venues have low ceiling areas so please check the service manual for any notices for exhibit spaces in a low ceiling location.

Multi-level or Ceilings:

Exhibitors installing a display with a ceiling or second level must meet all building, fire safety and structural integrity regulations.

All exhibit spaces must adhere to display regulations:

Including ADA, demonstrations, lighting, sound, structural integrity, and storage.
