SASE Pro's mission is to **Unlock the Leadership Potential of API Professionals**. API women in particular face a double-paned glass ceiling when it comes to career advancement.

20%

of Asian women feel a sense of belonging in their workplace.

To help address these issues, SASE Pro is hosting our fifth annual Women's Leadership Conference catered specifically towards API women professionals, built on direct input from more than 100 API women professionals and 30 API employee resource groups.

This year's program will build from successful virtual Women's Leadership Conferences in 2021-2024 virtual experience on Friday, April 25, 2025.
